#### LOCAL BRIEFS.

Students to Visit Mines—A party of civil engineer students from the state university will leave on the 23rd inst., to visit the mines at Bingham, Park City and Eureka.

Annual Election Today—The annual election of the Sait Lake Typographical union is being held this afternoon, at the Commercial club. The organization has 142 members.

May Increase Holdings—It is reported that Samuel Newhouse is negotiating for the purchase of the three story brick building immediately south of the Federal building.

Boy Missing For a Year—Eddle Stephens of 9 Jones' court, has been missing since March, 1906, with no clew to his whereabouts. His mother would be glad to find some trace of Boy Sent to Reform School-Judge

Gowans of the juvenile court yester-day afternoon committed Walter Krogh to the State Industrial school at Ogden. The boy is incorrigible and his mother declared that she could do nothing with him at all Capital Stock Increased-An amend-

ment to the articles of incorporation of the Inter-Mountain Republican of this city, increasing the capital stock from \$100,000 to \$200,000, divided into shares of the par value of \$20 each, has been filed with the county clerk. Will Complete Library-Plans are

now being complete Library—Platas are now being completed for fipishing the library in the McCune mansion on the hill. It is proposed to import valuable teak woods from India for this purpose. The library will be one of the most elegant apriments in any western residence.

Wheat on the Jump-E. L. Robwheat on the Junip—E. L. Roserts, a prominent Lexington, Neb., milling man, is in the city after a trip through the northwest. He says that with wheat jumping up 50 cents in one month, and 40 cents of that in three days, one hardly knows where he is at, and it hardly pays to try to do business.

"Layout" Arrives—The "grand union layout" that is to be laid by the Utah Light and Railway company at the intersection of First South and Main streets, has arrived from the eastern mills, and is stacked on North Temple street until the company can make arrangements to lay it. The combination filled four cars.

Orpheus Makes Changes-The Or phens Vandeville company of this city has filed an amendment to its ar-ticles of incorporation with the county clerk by which the number of

county clerk by which the number of directors is increased to seven and the time for holding the annual meeting of stockholders is fixed for the Second Monday in May of each year.

Prospects For State Fair—Secy.

Horace Ensign of the State Fair association reports every prospect for an unusually successful display this fall. Already there is a constant call for space and concessions, and N. L. Sheffield of Wayne county has been up to arrange for a complete display from his county of everything it produces.

Will "Do the Proper Thing"—Mayor sullock of Pleasant Grove has notified see, C. O. Harris of the M. & M. association that the citizens of his burg are proposing an elaborate entertain-ment for the "Get Acquainted" visi-tors when they appear May 23 next. In short, Utah county intends doing

Choir Contest in Idaho—Horace Ensign is back from Idaho where he went to attend the contest between well to attend the contest between the choirs of five Sunday schools of the Frement stake. The first prize of \$15 was won by Rexburg, the sec-ond of \$5 by the Salem school choir, Mr. Ensign says the singing was high-ly creditable to all participating, and the contest was to encourage four part singing part singing.

Exhibit at Murray—Considerable interest is being manifested in a very creditable display of manual training work placed on exhibition this morning in the windows of one of the leading business firms of Murray. The objects, which include work of both the boys and girls at the Murray schools, are decidedly creditable and bear favorable comparison with any comparison with any throughout the state.

Home From the East—Ex-Survey-or-General and Mrs. Ellsworth Dag-gett have returned from a protracted visit to the Atlantic seaboard. Mr. Visit to the Atlantic seaboard. Mr. Daggett is a Yale 1864 graduate, and visited his alma mater while away. He found things there so changed that he could hardly recognize the place. Mrs. Daggett was in the terrible R. & O. railway wreck, but being I one of the Pullmans, escaped injury.

More Aid For the Chinese—The Deseret News is in receipt of \$8.45 from T. R. Condie, presiding elder of Croydon in aid of the Chinese fund. The money comes from: The Sunday school, \$5 cents; Howard Thackeray, 50 cents; Laura Thackeray, \$1; Gibson Condie, \$1; T. R. Condie and family, \$5. The "News" list having been closed, Mr. Condie's check was sent to the treasurer of the international association at Washington.

Mayor Does Not Approve—The new ordinance amending the license ordinance for druggists selling liquor, which was passed by the city council on Monday night has not yet been approved by Mayor Thompson but it is now under consideration by him. The ordinance fixes the liquor license of druggists in the business district of the city at \$400 per annum and those outside the business district at \$200 per annum. All other matters passed on by the council have been approved by the mayor.

The K. of P. Slate—The annual meeting of the Utah Grand ledge of the Knights of Pythias will be held next Tuesday at Park City. It is considered certain that W. A. Radden will be chosen grand chanceller, and C. P. Jennings and H. P. Standish chosen grand representatives to the meeting of the Supreme Lodge in Poston, next year. The local members of the Order are much interested in the recent establishment of a lodge at Green River with 25 charter members.

# LINE PROBABLE **WEST OF PIOCHE**

Clark Road May Extend West From Bristol to the New Freiburg District.

SURVEYORS NOW ON GROUND.

New Country Very Rich Minerally and Agriculturally and is Naturally Tributary to Salt Lake.

That a new branch of the San Pedro oad, or at least a continuation of the present Pioche extension, may be built, s one of the imminent probabilities of the near future. The objective point of the branch would be the Freiburg mining district in Nevada, located 55 miles westerly from the present Bristol dis-trict, near Pioche. It is known that parties of surveyors and official rain-road representatives are now going over the proposed extension, and if conditions in the district are anything like they are represented to be, and the route is feasible, there is scarrely any question in regard to the construction of the line. westerly from the present Bristol dis-

The country to be tapped is rich minerally, as well as containing immense possibilities agriculturally and otherwise. The Freiburg mining district, recently heraided forth by N. A. Doney and C. Briscoe, is said to be one of the richest camps in the state of Nevada. Mr. Doney is now in the city, arranging for a big shipment of machinery to go to the camp, and he claims the mines of the district will produce sufficient tonnage in a few months to justify the railroad in building. "I have just received word from the camp that a new strike has been made at 72 feet depth, of lead carbonate and silver ore that goes better than \$250 per ton," he The country to be tapped is rich minthat goes better than \$250 per ton," he said today. "We are now platting the townsite and business houses from all townsite and business houses from all sides are writing for locations. Prospectors are going in very fast, and the whole country for 25 miles has been prospected and locations made. We are negotiating with the Clark road to extend their line from Bristol to the new camp, where the Tri-Metallic company has 700 tons of high grade ore on the dump, and hauling more out as raufel. camp, where the Tri-Metallic company has 700 tons of high grade ore on the dump, and hauling more out as rapidly as possible. Another company of St. Paul people have a group of 25 copper claims in the vicinity, and they are piling up ore all the time, awaiting the advent of transportation facilities. Our company has almost unlmited ore in sight, and is now driving a 700-foot tunnel to tap a vein at 400 feet depth, which, as nearly as can be estimated, will be 52 feet wide at that depth, and containing large quantities of silver, lead and copper. E. G. Jaeger of Yakima, Wash., is the president of the company, and M. E. Olson superintendent of mining operations. The St. Paul company and the Tri-Metallic are shipping large mills in to the plant, and Freiburg will become one of the foremost camps in the state of Nevada, mark my word. The climate is ideal, water plentiful and timber right at hand. It is a great stock country, and fruit and vegetables flourish. The district is naturally tributary to Salt Lake, and is only about half the distance to the other mining camps, and I see no reason why it should not become a great camp, as the ore is there and all the conditions necessary are there, including tonnage for a railroad."

Mr. Doney expects to return to Freiburg in a day or two, where he will assist in securing statistics for the use of the railroad officials. One of the routes under consideration extends westward from Pioche through the valley between the Ely and Highland ranges, crossing the Pahroc range further west and skirting the Hyko mountains to Freiburg, which is situated about 15 miles south from Sharp, its present mail station, and 55 miles west from Bristol.

EMPLOYMENT BUREAU.

### EMPLOYMENT BUREAU.

Railroads Propose to Establish One for Themselves.

Chicago, May 15.—Several of the rallroads centering in Chicago are considering the advisability of estab-lishing a union employment bureau, with a view to insuring a better grade

of operating employes.

Great secrecy is maintained regarding the project because the bitter opposition of labor organizations is

feared.

In the operating conferences which recently have been held by one or two roads here, the subject has received unanimous approval. If such a bureau is established it will have a complete list of all operating employes in the United States, with the complete record of the service of each.

It is stated that the demand for operating employes is so great now that any applicant, no matter what his record, finds almost instant employment with any road.

#### with any road. RIGHT OF WAY SETTLED.

Gov. Sparks of Nevada Arbitrates Dispute Between S. P. and W. P.

Southern Pacific and Western Pacific roads have finally adjusted by arbitration their right of way and crossing disputes in the state of Nevada, according to the Reno Gazette. The board of arbitrators consisted of J. L. Romer, for the Western Pacific, and E. C. McClellan for the Southern Pacific, These two selected Governor Like Sperks of Nevada as the third

The Western Pacific runs across 250 The Western Facinc runs across somiles of the Southern Pacific land grant in the state, entering on the land just west of the Utah line, and leaving it 35 miles west of Winnemucca. The work of placing a valuation on the land was easy compared to that of deciding upon what should be done where the two rallwads would be close.

where the two railroads would be close together.

There were several points where there would have to be crossings of the tracks, unless the Western Pacific was allowed to construct its line within the right of way grant of the Southern Pacific, which is a strip of land extending 200 feet each side of the Southern Pacific track.

It was decided to allow the Western Pacific company to construct its road parallel with the Southern Pacific road and in some places the two lines will be 15 feet apart for several miles. All crossings were cut out but one and that will be an overhead crossing, where the Western Pacific will cross from the southern Pacific line, about four miles west of Palisade in Twelve-Mile

Between Wells and Winnemucca there is only one point where the two lines will be more than half a mile

### DURAND AGAIN!

This Time Upon Charges of Passing on Cases Out of Jurisdiction.

Justice of the Peace Charles F. Durand of Murray has been made defendant in still another action brought in the district court for a writ of certiorari to review the proceedings of the court in an action wherein the Tintie Mercantile company was plaintiff and Mercantile company was plaintiff and

Emil Swan was defendant. The petition was filed by Swan and alleges that the action was commenced while J. P. McOmie was justice of the peace and that he filed a demurrer to said complaint before McOmie. When Durand came into office he proceeded to try the case without ruling on the demurrer at all and without giving Swan or his attorney any notice of the trial at all. Durand entered judgment against Swan for \$25.57 and has issued an execution against the property of the defendant. Swan claims that he received no notice whatever of the judgment against him until after it was too late to file an appeal. Swan alleges that the action of Durand was entirely without jurisdiction for the reason that the demurrer to the complaint had not been disposed of and for the further reason that neither he nor his attorney were notified of the date of the trial and had no opportunity to appear, and defend no opportunity to appear and defend the case. A writ of certiorarl was is-sued in the case today and is return-able before Judge Lewis.

#### WILL BE NO STRIKE.

Early Settlement Looked for Between Rio Grande and Trainmen.

#### SPIKE AND RAIL.

C. S. Williams, commercial agent of the C. M. & St. P. has gone to Idaho for a few days on a business trip.

C. A. Berry, assistant general freight agent of the Chicago & Great Western railroad, is visiting for a few days in Salt Lake.

T. M. Miller, city passenger agent of the Harriman lines at Seattle, Wash, is in the city today, on his way home from the east. The Salt Lake Route will run an ex-cursion to Spanish Fork Friday, the 17th, on the occasion of the ball game and dance there on that date.

C. A. Hayes, assistant general freight agent of the Grand Trunk Lines with headquarters at Chicago, is in Salt Lake. Mrs. Hayes accompanies him and together they will take the Limited for Los Angeles this evening.

The trainmen on the Rio Grande have decided not to strike. Mutual concessions have been agreed upon between the men and the road management and things will go along in about the same old way. the same old way.

Wm. Chapin, chief engineer of the Tonopah & Goldfield railroad, has resigned his position to take effect today. Mr. Chapin has a number of propositions before him, but will probably engage in business at Portland, Oregon.

Twenty-three members of the senior class of the Minnesota school of mines are spending a few days taking in the principal mining and smelting camps in Utah. Park City and Bingham have been visited and the party is spending today at Tintic. The boys are traveling in a specially chartered car.

The culmination of Nathan Raphael's suit against the Rio Grande Western railroad in the United States supreme court for \$1,808,372, resulted in judgment in his favor for that amount, covering principal and accrued interest on his claim. The suit was first brought in 1872 for foreclosure on \$680,000 worth of bonds because of alleged default in interest payments.

A. G. Hatch, general passenger agent A. H. Hatti, general passenger agent for the Illinois Central railroad, and W. H. Snedaker, general agent for the same line at San Francisco, left this city for Denver yesterday, after spending a few days looking over the situa-tion in this vicinity. J. A. Foley, gen-eral agent for the line in this city, acompanied the party to Denver.

James Larson, a prominent coal and lumber dealer of Logan, is here for the purpose of taking the advice of the railroads to store coal against a fa-mine next winter. He wants to pur-chase from 6,000 to 8,000 tons of coal for storage, but is receiving but little encouragement on account of the short-age of miners at the coal mines. The railroads have plenty of available equipment but the mines are short of workmen and can't furnish the coal.

RELIEF FROM RHEUMATIC PAINS

RELIEF FROM RHEUMATIC PAINS Among the troubles that beset manking rheumatism is one of the most aggravating. "I suffered with it for over two years." says Mr. Rolland Curry, n patrolman, of Key West, Fla. "Sometimes it settled in my knees and lamed me so I could hardly walk, at other times it would be in my feet and hands so I was incapacitated for duty. One night when I was in severe pain and lame from it my wife went to the drug store here and came back with a bottle of Chamberlain's Pain Balm. I was rubbed with it and found the pain had nearly gone during the night. I kept on using it for a little more than two weeks and found that i'd drove the rheumatism away. I have not had any trouble from that disease for over three months." For sale by all druggists.
